Rules and Statutes

State law requires agencies to use a rulemaking process, which includes an opportunity for the public to comment on proposed rules and rule changes before the agency adopts the final rule. When CPRIT proposes a new administrative rule or a change to an existing administrative rule, it must do so through a rulemaking project. The rulemaking project, which CPRIT announces in the *Texas Register*, gives the public advance notice of the proposed rule so that interested persons may decide whether they wish to comment on the proposal.

Current Rulemaking Project

There is no current rulemaking project at this time.

Recently Adopted Rule Changes

At its November 15, 2023, meeting, the Oversight Committee approved the final adoption of recent changes to Section 701.25 that were initially presented at the August 16 meeting. The amendment expands CPRIT's electronic signature policy to include Grant Applicants.

Beginning on December 7, 2023, Texas Administrative Code Chapter 701 will reflect the recent rule amendments, which are also available [here \(CPRIT Adopted Rule Chapter 701.25\)](#).

Thank you very much for your consideration of this request.

With best regards,

Change - Not Otherwise Specified

* Change Request Details:

I am requesting to rebudget funds allocated to subcontracts to purchase a tissue homogenizer, ~\$6,700.

* Justification:

The remaining experiments require a greater degree of T cells to be recovered from tumors and lymph node tissues than possible from our past animal cohorts. For this reason, we require the equipment purchase of a homogenizer.
