FY2025 Peer Review Sign Out Sheets

The following FY2025 peer review meeting sign out sheets document that a Scientific Research and Prevention Programs Committee ("SRPP") member (more commonly referred to as a "peer reviewer") with a conflict of interest does not participate in the discussion, presentation, or scoring of an application with which the reviewer has a conflict of interest. The SRPP member with a conflict of interest must either leave the room during an in-person peer review meeting or disengage from the phone call or video during a virtual meeting.

COI Sign-Out Sheet

CANCER PREVENTION & RESEARCH
INSTITUTE OF TEXAS

MEMORANDUM

TO:	OVERSIGHT COMMITTEE MEMBERS
FROM:	KRISTEN P. DOYLE, CHIEF EXECUTIVE OFFICER
SUBJECT:	SECTION 102.1062 WAIVER—REVIEW COUNCILS FY 2025
DATE:	AUGUST 12, 2024

Waiver Request and Recommendation

I request that the Oversight Committee approve a fiscal year 2025 conflict of interest waiver for review council members pursuant to Health & Safety Code § 102.1062 "Exceptional Circumstances Requiring Participation." Unlike other conflict of interest waivers that the Oversight Committee has approved previously, CPRIT does not grant this waiver for a specific conflict of interest or person. Instead, CPRIT intends to invoke this waiver as necessary to address the unusual scenario when a review council member has a conflict with a grant application that is part of the larger group of proposals that the review panel or review council must act upon (usually to recommend for awards). The waiver is necessary for a review council member to participate in the overall discussion and vote on the slate of award recommendations. This waiver is the same waiver the Oversight Committee approved for FY 2024.

Although it would be ideal to consider each instance individually before granting the conflict of interest waiver, a prospective waiver is necessary in this scenario given the timing of the review process and scheduled Oversight Committee meetings. It is unlikely that review panel schedules will align with Oversight Committee meeting dates such that CPRIT will be able to secure a conflict of interest waiver in time for the review council member to participate in the review process. However, adequate protections are in place that, together with the waiver's proposed limitations, mitigate the opportunity for factors other than merit and established criteria to influence review council members' decisions regarding the award of grant funds.

Background

Health & Safety Code § 102.1062 directs the Oversight Committee to adopt administrative rules governing the waiver of the conflict of interest requirements of the statute in exceptional circumstances. CPRIT's administrative rule § 702.17(3) authorizes the Oversight Committee to approve a waiver that applies for all activities affected by the conflict during the fiscal year. The rules require that a majority of the Oversight Committee members must vote to approve the waiver. CPRIT must report any approved waiver to the lieutenant governor, speaker of the house of representatives, the governor, and the standing committees of each house of the legislature with primary jurisdiction over CPRIT matters.

The issue addressed by this waiver results from the role review council members play in the review process. At the review panel level, the review council member chairs the review panel meeting. Occasionally, a review council member will identify a conflict of interest with an application assigned to the member's panel. If CPRIT is unable to reassign the application to a different panel, then the review council member follows the process set forth in CPRIT's conflict of interest rules and recuses himself or herself from any discussion, scoring, deliberation, or vote on the application. The proposed waiver will not change the review council member's responsibility to disclose the conflict or to recuse himself or herself from the review of the application.

The difficulty arises when the review council member must lead the discussion, in his or her role as chair of the review panel, about the group of applications the panel recommends moving forward to the review council. If the application with which the review council member is in conflict advances as part of the group that scored well enough to move forward, the review council member's participation in the discussion of the group violates the member's agreement to not participate in "any discussion" of the conflicted application.

A similar challenge arises at the review council level. If the application that the member is in conflict is part of the group considered by the review council, the conflict of interest rules prohibit the member from participating in the review council's discussion or vote on the group of awards. The review council member is unable to address questions about other applications heard by his or her panel due to his or her recusal from the process, potentially disadvantaging the other applications.

Exceptional Circumstances Requiring the Review Council Member's Participation

To approve a conflict of interest waiver, the Oversight Committee must find that there are exceptional circumstances justifying the conflicted individual's participation in the review process. In this case, exceptional circumstances exist due to the necessity of the review council member's participation in the process to develop the overall award recommendation slates and the Oversight Committee should grant the proposed waiver. The limitations mitigate the potential for bias.

CPRIT's administrative rules require the Chief Compliance Officer to attend or designate an independent third party to attend peer review meetings and review council meetings when the panel discusses grant applications. The third-party observer must document that the reviewers follow CPRIT's grant review process consistently, including observing CPRIT's conflict of interest rules. The third-party observer will document any violation of this waiver in his or her written report, which CPRIT provides to the Oversight Committee prior to the vote on the award recommendations.

Proposed Waiver and Limitations

In granting the conflict of interest waiver, I recommend that CPRIT permit the review council member to continue to perform the following activities and duties associated with CPRIT's review process subject to the stated limitations:

1. The review council member must disclose any conflict in writing pursuant to CPRIT's electronic grant management process.
2. The review council member must recuse himself or herself from participation in the review, discussion, scoring, deliberation, and vote on the specific grant(s) identified as the conflict.
3. When the review panel or review council takes up the grant applications as a group, the review council member may participate in the discussion and vote on the proposed awards, so long as the review council member does not advocate for or against the application that the member has identified as a conflict.
4. Whenever CPRIT invokes this waiver, the Chief Compliance Officer will provide information about the use of the waiver, including the name of the review council member and the identified conflict, in the Chief Compliance Officer's Certification report. I will also include this information in the CEO affidavit I submit for the grant award mechanism.

Due to the nature of the conflict or the type of review process, this conflict of interest waiver will not apply to following:

- When the review council member's conflict of interest is a conflict described by T.A.C. § 702.13(c); or
- When the review council is acting as the only review panel in the review process (e.g., CPRIT recruitment awards and prevention dissemination awards.)

Important Information Regarding this Waiver and the Waiver Process

- The Oversight Committee may amend, revoke, or revise this waiver, including the list of approved activities and duties and the limitations on duties and activities. Approval for any change to the waiver granted shall be by a vote of the Oversight Committee in an open meeting.
- CPRIT limits this waiver to review council members operating under the circumstances specified in this request.

POST REVIEW STATEMENT FOR CPRIT
SCIENTIFIC RESEARCH AND PREVENTION PROGRAM (SRPP)
COMMITTEE MEMBERS

I understand the conflict of interest policies of CPRIT and have reported any conflicts of interest that I may have with respect to applications submitted to my assigned SRPP committee for review.

By my signature, I affirm that I did not participate in the discussion or review of any application that presents a conflict of interest as defined by the CPRIT Conflict of Interest Policy for SRPP Committee Members.

POST REVIEW STATEMENT FOR CPRIT
SCIENTIFIC RESEARCH AND PREVENTION PROGRAM (SRPP)
COMMITTEE MEMBERS

I understand the conflict of interest policies of CPRIT and have reported any conflicts of interest that I may have with respect to applications submitted to my assigned SRPP committee for review.

By my signature, I affirm that I did not participate in the discussion or review of any application that presents a conflict of interest as defined by the CPRIT Conflict of Interest Policy for SRPP Committee Members.

POST REVIEW STATEMENT FOR CPRIT
SCIENTIFIC RESEARCH AND PREVENTION PROGRAM (SRPP)
COMMITTEE MEMBERS

I understand the conflict of interest policies of CPRIT and have reported any conflicts of interest that I may have with respect to applications submitted to my assigned SRPP committee for review.

By my signature, I affirm that I did not participate in the discussion or review of any application that presents a conflict of interest as defined by the CPRIT Conflict of Interest Policy for SRPP Committee Members.

POST REVIEW STATEMENT FOR CPRIT
SCIENTIFIC RESEARCH AND PREVENTION PROGRAM (SRPP)
COMMITTEE MEMBERS

I understand the conflict of interest policies of CPRIT and have reported any conflicts of interest that I may have with respect to applications submitted to my assigned SRPP committee for review.

By my signature, I affirm that I did not participate in the discussion or review of any application that presents a conflict of interest as defined by the CPRIT Conflict of Interest Policy for SRPP Committee Members.

POST REVIEW STATEMENT FOR CPRIT
SCIENTIFIC RESEARCH AND PREVENTION PROGRAM (SRPP)
COMMITTEE MEMBERS

I understand the conflict of interest policies of CPRIT and have reported any conflicts of interest that I may have with respect to applications submitted to my assigned SRPP committee for review.

By my signature, I affirm that I did not participate in the discussion or review of any application that presents a conflict of interest as defined by the CPRIT Conflict of Interest Policy for SRPP Committee Members.

POST REVIEW STATEMENT FOR CPRIT
SCIENTIFIC RESEARCH AND PREVENTION PROGRAM (SRPP)
COMMITTEE MEMBERS

I understand the conflict of interest policies of CPRIT and have reported any conflicts of interest that I may have with respect to applications submitted to my assigned SRPP committee for review.

By my signature, I affirm that I did not participate in the discussion or review of any application that presents a conflict of interest as defined by the CPRIT Conflict of Interest Policy for SRPP Committee Members.

FY2025 Conflict of Interest Disclosure Tables

The following tables list the conflicts of interest identified by Scientific Research and Prevention Programs Committee ("SRPP") members, Program Integration Committee members, and Oversight Committee members on an application-by-application basis. CPRIT creates a table for each program that recommends awards to the Oversight Committee.

Conflicts of Interest Disclosure

CPRIT Academic Research Cycle 25.1
Awards Announced at the February 19, 2025, Oversight Committee Meeting

The following table lists the conflicts of interest (COIs) identified by peer reviewers, Program Integration Committee (PIC) members, and Oversight Committee members on an application-by-application basis. Applications reviewed in Academic Research cycle 25.1 include *Collaborative Action Program to Reduce Liver Cancer Mortality in Texas: Collaborative Action Center; Individual Investigator Research Awards; Individual Investigator Research Awards for Cancer in Children and Adolescents; Individual; Investigator Research Awards for Computational and Systems Biology of Cancer; Individual Investigator Research Awards for Clinical Trials;* and *Individual Investigator Research Awards for Prevention and Early Detection.*

All applications with at least one identified COI are listed below; applications with no COIs are not included. It should be noted that an individual is asked to identify COIs for only those applications that are to be considered by the individual at that particular stage in the review process. For example, Oversight Committee members identify COIs, if any, with only those applications that have been recommended for the grant awards by the PIC.

COI information used for this table was collected by General Dynamics Information Technology, CPRIT's third party grant administrator, and by CPRIT.

Application ID	Principal Investigator	Organization	Conflict Noted by Reviewer
Applications considered by the PIC and Oversight Committee:

CPRIT Prevention Cycle 25.1

Awards Announced at the November 20, 2024, Oversight Committee Meeting

The following table lists the conflicts of interest (COIs) identified by peer reviewers, Program Integration Committee (PIC) members, and Oversight Committee members on an application-by-application basis. Applications reviewed in Prevention cycle 25.1 include those received in response to the following Requests for Applications: *Cancer Screening and Early Detection; Dissemination of CPRIT-Funded Cancer Control Interventions;* and *Primary Prevention of Cancer*.

All applications with at least one identified COI are listed below; applications with no COIs are not included. It should be noted that an individual is asked to identify COIs for only those applications that are to be considered by the individual at that particular stage in the review process. For example, Oversight Committee members identify COIs, if any, with only those applications that have been recommended for the grant awards by the PIC.

COI information used for this table was collected by General Dynamics Information Technology, CPRIT's third party grant administrator, and by CPRIT.

FY2025 Texas Health & Safety Code Section 102.1062 Waivers

The CPRIT Oversight Committee approved Texas Health and Safety Code Section 102.1062 waivers (also referred to as "conflict of interest waivers") for the following individuals and/or groups during FY2025: Mr. Carlton Allen; Mr. Donald Brandy; Mr. John Ellis; Dr. Michelle Leeuwon; and CPRIT Review Council Members.

CANCER PREVENTION & RESEARCH
INSTITUTE OF TEXAS

MEMORANDUM

TO:	OVERSIGHT COMMITTEE MEMBERS
FROM:	KRISTEN P. DOYLE, CHIEF EXECUTIVE OFFICER
SUBJECT:	SECTION 102.1062 WAIVER – CARLTON ALLEN FY 2025
DATE:	AUGUST 12, 2024

Waiver Request and Recommendation

I request that the Oversight Committee approve a FY 2025 conflict of interest waiver for Carlton Allen, CPRIT's program manager for prevention, pursuant to Health & Safety Code Section 102.1062 "Exceptional Circumstances Requiring Participation." Mr. Allen's wife, Kristie Allen, is a lecturer of psychology and counseling at The University of Texas at Tyler (UT Tyler). While it is unlikely that Kristie Allen would be part of team applying for a CPRIT grant, this waiver ensures transparency regarding her employment at a grantee institution. I recommend approval because together with the waiver's proposed limitations, adequate protections are in place to mitigate factors other than merit and the established grant criteria affecting the award and management of grant funds. The Oversight Committee approved the same waiver for Mr. Allen in FY 2024.

Background

Mr. Allen's wife, Kristie Allen, is an employee and lecturer within the Department of Psychology and Counseling at UT Tyler, an institution that has applied for CPRIT grants in the past. UT Tyler includes the instructional site of The University of Texas Health Science Center at Tyler (UTHSC Tyler), which is a grant recipient with two active prevention awards (PP220034 and PP220035). In total, UTHSC Tyler has received five CPRIT prevention grant awards and one academic research grant award. Cumulatively, UT Tyler and UTHSC Tyler have submitted approximately 49 CPRIT grant applications with some submitted as recently as FY2024.

Mrs. Allen is not involved in current or past CPRIT grant projects or grant applications. However, Texas Health & Safety Code § 102.106(c)(3) finds a professional conflict of interest exists when a relative within the second degree of affinity or consanguinity of the individual involved in the CPRIT review process is an employee of a grant recipient or grant applicant. As his wife, Mrs. Allen falls within the second degree of affinity to Mr. Allen. CPRIT considers the institution as the grant applicant or recipient, in this case UT Tyler and UTHSC Tyler, rather than the individuals who submit a grant application or receive a grant award.

Furthermore, CPRIT's administrative rule §702.13(c) classifies this type of professional conflict of interest as one that raises the presumption that the existence of the conflict may affect the

impartial review of all other grant applications submitted pursuant to the same grant mechanism in the grant review cycle. A person involved in the review process that holds one of the conflicts included in the § 702.13(c) "super conflict" category must recuse himself or herself from participating in the "review, discussion, scoring, deliberation and vote on all grant applications competing for the same grant mechanism in the entire grant review cycle, unless a waiver has been granted…"

Texas Health & Safety Code § 102.1061 requires a CPRIT employee with this professional conflict of interest to recuse himself from an application that comes before the employee for review or other action and not access information regarding the matter.

Exceptional Circumstances Requiring Participation

To approve a conflict of interest waiver, the Oversight Committee must find that there are exceptional circumstances justifying the conflicted individual's participation in the review process. While CPRIT's enabling statute prohibits CPRIT staff from participating in the grant review process, it is possible that Mr. Allen's role as prevention program manager would require him to field questions from grant applicants, including UT Tyler and UTHSC Tyler. Mr. Allen is the sole prevention program manager, which is especially important during an open grant review cycle because CPRIT's administrative rules prohibit the Chief Prevention Officer, who is a member of the Program Integration Committee, from communicating with a grant applicant regarding the substance of a pending grant application. Mr. Allen is the only CPRIT staff member whose job is to communicate with prevention grant applicants in this way.

Day-to-day activities require Mr. Allen to work closely with prevention grantees and to aid in management and compliance of prevention grantees. Mr. Allen works with the Chief Prevention Officer to monitor the progress of each prevention grantee and ensure that grantees submit reports in a timely manner. A large part of the job for each of CPRIT's program managers is to communicate directly with grantee contacts at the various grantee institutions. Again, Mr. Allen is the only dedicated CPRIT staff to help the Chief Prevention Officer monitor and communicate with prevention grantees.

Proposed Waiver and Limitations

In granting the waiver of the conflict of interest set forth in Health & Safety Code Section 102.106(c)(3), I recommend that the Oversight Committee permit Mr. Allen to perform all duties assigned as prevention program manager subject to the limitations stated below:

1. Mr. Allen may answer questions from grant applicants including applicants from UT Tyler or UTHSC Tyler;
2. Mr. Allen may attend peer review meetings and PIC meetings as an observer, including meetings that include applications from UT Tyler or UTHSC Tyler;
3. Mr. Allen may have access to grant application information, including information related to UT Tyler or UTHSC Tyler, except as noted in item number 5;
4. Mr. Allen will inform the Chief Prevention Officer of any CPRIT grant application that includes his spouse;

5. CPRIT will prevent Mr. Allen from accessing application review data for any applications under review that include his wife as part of the grantee team;
6. In the event that an issue arises that this waiver does not address, the Chief Prevention Officer in conjunction with the Chief Executive Officer, Chief Compliance Officer, and General Counsel, may review the circumstances and determine whether Mr. Allen should recuse himself from involvement in these or other regular job duties as appropriate.

Regarding item number 2, Mr. Allen will continue to follow CPRIT's established policy that prohibits CPRIT employees from actively participating in peer review committee meetings. As part of their CPRIT duties, program managers regularly attend peer review committee meetings as observers but do not participate in substantive discussion of any grant application, do not score any application, and do not vote on any application. CPRIT contracts with an independent third-party observer to document that all participants follow CPRIT's observer policy. The independent third-party observer report is available to the Oversight Committee prior to any action taken related to the grant award recommendations. Following Oversight Committee action, the independent third-party observer report is publicly available.

Important Information Regarding this Waiver and the Waiver Process

- The Oversight Committee may amend, revoke, or revise this waiver, including the list of approved activities and duties and the limitations on duties and activities. Approval for any change to the waiver granted shall be by a vote of the Oversight Committee in an open meeting.
- CPRIT limits this waiver to the conflict of interest specified in this request. To the extent that Mr. Allen has a conflict of interest with an application that is not the conflict identified in Section 102.106(c)(3), then Mr. Allen will follow the required notification and recusal process.

CANCER PREVENTION & RESEARCH
INSTITUTE OF TEXAS

MEMORANDUM

TO:	OVERSIGHT COMMITTEE MEMBERS
FROM:	KRISTEN P. DOYLE, CHIEF EXECUTIVE OFFICER
SUBJECT:	SECTION 102.1062 WAIVER—BRANDY FY 2025
DATE:	AUGUST 12, 2024

Waiver Request and Recommendation

I request that the Oversight Committee approve a conflict of interest waiver for FY 2025 for Mr. Donald Brandy, CPRIT's Contract Specialist and HUB Coordinator, pursuant to Health & Safety Code Section 102.1062 "Exceptional Circumstances Requiring Participation." The Oversight Committee has approved the same waiver for Mr. Brandy since FY 2015.

Mr. Brandy is not involved in the grant application or reporting process in his official capacity in the procurement of goods and services for the agency. However, the waiver ensures transparency regarding Mr. Brandy's relationship with some universities that receive CPRIT grants. Furthermore, CPRIT's Code of Conduct makes it clear that the agency's conflict of interest provisions apply to any expenditure of CPRIT funds. Although it is unlikely that CPRIT will procure goods and services from a university receiving grant funds from CPRIT, having the conflict of interest waiver in place ensures that Mr. Brandy can perform his duties. Together with the waiver's proposed limitations, adequate protections are in place to mitigate the opportunity for a conflict of interest to unduly influence agency purchases.

Background

Mr. Brandy serves as the agency procurement contract specialist, responsible for planning, organizing, coordinating, and preparing bid specifications and procurement documents to acquire goods and services from vendors and outside contractors used by the agency. The agency procurement contract specialist role requires little, if any, involvement with CPRIT's grant award process because CPRIT's grant award contracts are not vendor or outside service contracts.

At the time CPRIT hired Mr. Brandy, he requested approval to continue his outside employment as a referee for tennis tournaments held in and around Austin. In addition to refereeing for adult and junior-level tournaments, he serves as a referee for NCAA tennis matches held at area universities, including The University of Texas at Austin. The university athletic department pays Mr. Brandy for his services as an independent contractor when he referees collegiate matches.

CPRIT employees may engage in outside employment so long as the employment does not detract from the employee's ability to fulfill his or her responsibilities to CPRIT. Employees

must receive written approval from the CEO to engage in outside employment and I notify the Audit Subcommittee regarding any approvals. I also annually report to the Oversight Committee all approved outside employment. Wayne Roberts notified the Audit Subcommittee regarding his approval for Mr. Brandy's outside employment the December18, 2014, subcommittee meeting.

Exceptional Circumstances Requiring Mr. Brandy's Participation

To approve a conflict of interest waiver, the Oversight Committee must find that there are exceptional circumstances justifying the conflicted individual's participation in the review process or other expenditure of CPRIT funds.[1]

This conflict of interest waiver is different than other waivers I have requested in that it is not seeking a waiver for actions related to CPRIT's grant review or grant monitoring process. As CPRIT's procurement contract specialist, I do not anticipate that Mr. Brandy will play any role in the review process for grant applications or grant reports. The procurement contract specialist deals only with agency procurement matters and has no influence over the grant award processes of the agency. To the extent that his outside employment necessitates involvement with university personnel, it is with collegiate athletic department staff that have no interaction with researchers working on or applying for grants. Nevertheless, if Mr. Brandy must be part of the review process or grant monitoring activities, he will comply with CPRIT's conflict of interest notification and recusal requirements.

However, as part of his official duties there may be circumstances requiring Mr. Brandy to procure goods or services on CPRIT's behalf from a university that has also employed him as a tennis referee. This is unlikely to occur; to date, CPRIT has had only two service contracts (both now closed) with an academic institution, Texas Tech University and The University of Texas at Austin LBJ School of Public Affairs. As CPRIT's lead contact for agency purchases, Mr. Brandy should be able to perform his official duties as fully as possible. Any involvement with university athletic department personnel resulting from his outside employment is unlikely to be the same individuals at the university responsible for contracting with CPRIT.

Proposed Waiver and Limitations

In granting the waiver of the conflict of interest set forth in Health & Safety Code Section 102.106(c)(3), I recommend that the Oversight Committee permit Mr. Brandy to perform all duties assigned as procurement contract specialist, subject to the limitations stated below:

1. Provide the Chief Operating Officer a list of universities that have used his services as referee during the past twelve months;

[1] CPRIT's Code of Conduct Section III.B(2) states that, "The conflict of interest statutory and administrative rule provisions **apply to any decision to commit CPRIT funds**, whether or not the commitment is part of the grant award process or to a Grant Applicant." (emphasis added)

2. Notify the Chief Operating Officer prior to taking any action on a contract or other procurement document that would result in payment of CPRIT funds to a university on the list referenced above; and
3. The Chief Operating Officer, in conjunction with the CEO, Chief Compliance Officer and General Counsel, can review the circumstances and determine whether Mr. Brandy should be recused from involvement in the procurement.

Important Information Regarding this Waiver and the Waiver Process

- The Oversight Committee may amend, revoke, or review this waiver, including but not limited to the list of approved activities and duties and the limitations on duties and activities. Approval of any change to the waiver granted shall be by a vote of the Oversight Committee in an open meeting.
- CPRIT limits this waiver to the conflict of interest specified in this request. To the extent that Mr. Brandy has a conflict of interest not addressed in this waiver, then Mr. Brandy will follow the required notification and recusal process.

CANCER PREVENTION & RESEARCH
INSTITUTE OF TEXAS

MEMORANDUM

TO:	OVERSIGHT COMMITTEE MEMBERS
FROM:	KRISTEN P. DOYLE, CHIEF EXECUTIVE OFFICER
SUBJECT:	SECTION 102.1062 WAIVER – JOHN ELLIS FY 2025
DATE:	NOVEMBER 13, 2024

Waiver Request and Recommendation

I request that the Oversight Committee approve a FY 2025 conflict of interest waiver for John Ellis, CPRIT's General Counsel, pursuant to Health & Safety Code Section 102.1062 "Exceptional Circumstances Requiring Participation." Mr. Ellis' sister-in-law and brother-in-law, Hope Synder and Dylan Synder, both work as healthcare professionals at Baylor Scott & White Health in Temple. While Mr. Ellis' in-laws will not be part of any team applying for a CPRIT grant or receiving salary support from a CPRIT grant, this waiver ensures transparency regarding their employment at a grantee entity. I recommend approval because together with the waiver's proposed limitations, adequate protections are in place to mitigate factors other than merit and the established grant criteria affecting the award and management of grant funds.

Background

Baylor Scott & White employs Mr. Ellis' sister-in-law, Hope Synder, as a licensed clinical social worker in Temple. Baylor Scott & White employs Mr. Ellis' brother-in-law, Dylan Snyder, as a hospital charge nurse at the hospital in Temple. Baylor Scott & White employs more than 49,000 individuals and 7,300 active physicians at 51 hospitals and 800 patient care sites.

Entities associated with Baylor Scott & White have applied for and received CPRIT grants. Baylor Scott & White Research Institute, which is the dedicated research and development arm of the Baylor Scott & White healthcare system, is a grant recipient with one active academic research award (RP230426). In total, Baylor Scott & White Research Institute has received five CPRIT academic research grant awards since 2010.

Mr. Ellis' relatives are not involved in current or past CPRIT grant projects or grant applications and do not receive salary support from CPRIT grant funds. However, Texas Health & Safety Code § 102.106(c)(3) finds a professional conflict of interest exists when a relative within the second degree of affinity or consanguinity of the individual involved in the CPRIT review process is an employee of a grant recipient or grant applicant. Mr. Ellis' sister-in-law and brother-in-law fall within the second degree of affinity and consanguinity to Mr. Ellis. CPRIT considers the institution as the grant applicant or recipient, in this case Baylor Scott & White and Baylor Scott & White Research Institute, rather than the individuals who submit a grant application or receive a grant award.

Furthermore, CPRIT's administrative rule §702.13(c) classifies this type of professional conflict of interest as one that raises the presumption that the existence of the conflict may affect the impartial review of all other grant applications submitted pursuant to the same grant mechanism in the grant review cycle. A person involved in the review process that holds one of the conflicts included in the § 702.13(c) "super conflict" category must recuse himself or herself from participating in the "review, discussion, scoring, deliberation and vote on all grant applications competing for the same grant mechanism in the entire grant review cycle, unless a waiver has been granted…"

Texas Health & Safety Code § 102.1061 requires a CPRIT employee with this professional conflict of interest to recuse himself from an application that comes before the employee for review or other action and not access information regarding the matter.

Exceptional Circumstances Requiring Participation

To approve a conflict of interest waiver, the Oversight Committee must find that there are exceptional circumstances justifying the conflicted individual's participation in the review process. Mr. Ellis' role as CPRIT's General Counsel requires him to negotiate award contracts with Baylor Scott & White and Baylor Scott & White Research Institute and to provide legal advice to CPRIT staff and the Oversight Committee regarding issues that may affect these two entities. Given the nonexistent involvement of Mr. Ellis' relatives in any activities related to CPRIT research projects undertaken by Baylor Scott &White or Baylor Scott & White Research Institute, the need for Mr. Ellis' legal expertise and advice outweighs the extremely unlikely opportunity for him to act in a manner influenced by bias toward his relatives.

Proposed Waiver and Limitations

In granting the waiver of the conflict of interest set forth in Health & Safety Code Section 102.106(c)(3), I recommend that the Oversight Committee permit Mr. Ellis to perform all duties assigned as General Counsel subject to the limitations stated below:

1. Mr. Ellis may negotiate award contracts, contract amendments, and provide legal advice to CPRIT staff and CPRIT Oversight Committee members regarding issues affecting Baylor Scott & White, Baylor Scott & White Research Institute, and other entities related to Baylor Scott & White;
2. Mr. Ellis may attend peer review meetings and PIC meetings as an observer, including meetings that include applications from Baylor Scott & White, Baylor Scott & White Research Institute, and other entities related to Baylor Scott & White;
3. Mr. Ellis may have access to grant application information, including information related to Baylor Scott & White, Baylor Scott & White Research Institute, and other entities related to Baylor Scott & White except as noted in item number 5;
4. Mr. Ellis will inform the Chief Executive Officer of any CPRIT grant application or grant award that includes his sister-in-law or brother-in-law as part of the grantee team and/or includes his sister-in-law or brother-in-law as staff paid by CPRIT grant funds;
5. CPRIT will prevent Mr. Ellis from accessing application review data for any applications under review that includes his sister-in-law or brother-in-law as part of the grantee team and/or includes his sister-in-law or brother-in-law as staff paid by CPRIT grant funds;

6. In the event that an issue arises that this waiver does not address, the Chief Executive Officer and Chief Compliance Officer may review the circumstances and determine whether Mr. Ellis should recuse himself from involvement in these or other regular job duties as appropriate. The Chief Executive Officer will report such circumstances and recusal determination to the Oversight Committee.

Regarding item number 2, Mr. Ellis will continue to follow CPRIT's established policy that prohibits CPRIT employees from actively participating in peer review committee meetings. As part of his CPRIT duties, Mr. Ellis may attend peer review committee meetings as an observer but does not participate in substantive discussion of any grant application, does not score any application, and does not vote on any application. CPRIT contracts with an independent third-party observer to document that all participants follow CPRIT's observer policy. The independent third-party observer report is available to the Oversight Committee prior to any action taken related to the grant award recommendations. Following Oversight Committee action, the independent third-party observer report is publicly available.

Important Information Regarding this Waiver and the Waiver Process

- The Oversight Committee may amend, revoke, or revise this waiver, including the list of approved activities and duties and the limitations on duties and activities. Approval of any change to the waiver granted shall be by a vote of the Oversight Committee in an open meeting.
- CPRIT limits this waiver to the conflict of interest specified in this request. To the extent that Mr. Ellis has a conflict of interest with an application that is not the conflict identified in Section 102.106(c)(3), then Mr. Ellis will follow the required notification and recusal process.

CANCER PREVENTION & RESEARCH
INSTITUTE OF TEXAS

MEMORANDUM

TO:	OVERSIGHT COMMITTEE MEMBERS
FROM:	KRISTEN P. DOYLE, CHIEF EXECUTIVE OFFICER
SUBJECT:	SECTION 102.1062 WAIVER—DR. LEEUWON FY 2025
DATE:	AUGUST 12, 2024

Waiver Request and Recommendation

I request that the Oversight Committee approve a conflict of interest waiver for FY 2025 for Dr. W. Michelle Leeuwon, Program Manager for Product Development, pursuant to Health & Safety Code Section 102.1062 "Exceptional Circumstances Requiring Participation." Dr. Leeuwon's husband is a professor of chemistry at Texas A&M University and a principal investigator (PI) on two active CPRIT academic research grants.

It is unlikely that Dr. Leeuwon will participate in any activities related to academic research grant applications or grant awards. Although Dr. Leeuwon is not involved in the academic research grant application or reporting process in her capacity as program manager for product development, the waiver ensures transparency regarding her relationship with a PI at a grantee institution. I recommend approval because together with the waiver's proposed limitations, adequate protections are in place to mitigate factors other than merit and the established grant criteria affecting the award and management of grant funds. The Oversight Committee approved the same waiver for Dr. Leeuwon in FY 2024.

Background

Dr. Leeuwon's husband, Dr. Wenshe Liu, is a professor of chemistry at Texas A&M University. In that role, he serves as a PI for two active CPRIT academic research grant awards: RP230345 (approved February 2023) and RP230449 (approved August 2023). He previously served as PI for another CPRIT academic research grant (RP170797) that is no longer active.

Texas Health & Safety Code § 102.106(c)(3) finds a professional conflict of interest exists when a relative within the second degree of affinity or consanguinity of the individual involved in the CPRIT review process is an employee of a grant recipient or grant applicant.[1] Texas A&M University is a current grant recipient and frequent grant applicant.

[1] CPRIT's administrative rule §702.13(c) classifies this type of professional conflict of interest as one that raises the presumption that the existence of the conflict may affect the impartial review of all other grant applications submitted pursuant to the same grant mechanism in the grant review cycle. A person involved in the review process that holds one of the conflicts included in the § 702.13(c) "super conflict" category must recuse himself/herself from participating in the "review, discussion, scoring, deliberation and vote on all grant applications competing for the same grant mechanism in the entire grant review cycle, unless a waiver has been granted…"

Texas Health & Safety Code § 102.1061 requires a CPRIT employee with this professional conflict of interest to recuse herself from an application that comes before the employee for review or other action and not access information regarding the matter. In her role as program manager for product development, Dr. Leeuwon neither participates in the review of any CPRIT grant applications nor does she make grant award decisions. As far as decisions related to Dr. Liu's current grant awards, it is highly unlikely that Dr. Leeuwon would be involved with matters related to her husband's grants because other CPRIT programmatic staff, such as the director of research and the program manager for academic research, are responsible for day-to-day management of academic research grants.

Exceptional Circumstances

To approve a conflict of interest waiver, the Oversight Committee must find that there are exceptional circumstances justifying the conflicted individual's participation in the review process. This conflict of interest waiver is different than most waivers I have requested in that Dr. Leeuwon is not involved in the academic research grant application or reporting process in her capacity as program manager for product development. However, in the unlikely event that the academic research program requires Dr. Leeuwon's assistance with the review process and/or grantee reports in the future, this waiver will ensure her ability to do so consistent with the limitations listed below. The waiver consideration and approval process also promote transparency regarding Dr. Leeuwon's close relationship with a PI at a CPRIT grantee institution.

Proposed Waiver and Limitations

In granting the waiver of the conflict of interest set forth in Health & Safety Code Section 102.106(c)(3), I recommend that the Oversight Committee permit Dr. Leeuwon to perform all duties assigned as program manager for product development subject to the limitations stated below:

1. Dr. Leeuwon will notify the Chief Product Development Officer and/or the Chief Scientific Officer, as appropriate, prior to taking any action that would directly affect a grant award that includes Dr. Wenshe Liu as part of the grantee team;
2. Prevent Dr. Leeuwon from accessing application review data for any applications under review that include Dr. Wenshe Liu as part of the grantee team;
3. The Chief Product Development Officer and/or the Chief Scientific Officer, as appropriate, in conjunction with the Chief Executive Officer, Chief Compliance Officer and General Counsel, can review the circumstances and determine whether Dr. Leeuwon should recuse herself from involvement in regular job duties.

Important Information Regarding this Waiver and the Waiver Process

- The Oversight Committee may amend, revoke, or review this waiver, including, but not limited to the list of approved activities and duties and the limitations on duties and activities. Approval of any change to the waiver granted shall be by a vote of the Oversight Committee in an open meeting.
- CPRIT limits this waiver to the conflict of interest specified in this request. To the extent that Dr. Leeuwon has a conflict of interest not addressed in this waiver, then Dr. Leeuwon will follow the required notification and recusal process.

CANCER PREVENTION & RESEARCH
INSTITUTE OF TEXAS

MEMORANDUM

TO:	OVERSIGHT COMMITTEE MEMBERS
FROM:	KRISTEN P. DOYLE, CHIEF EXECUTIVE OFFICER
SUBJECT:	SECTION 102.1062 WAIVER—REVIEW COUNCILS FY 2025
DATE:	AUGUST 12, 2024

Waiver Request and Recommendation

I request that the Oversight Committee approve a fiscal year 2025 conflict of interest waiver for review council members pursuant to Health & Safety Code § 102.1062 "Exceptional Circumstances Requiring Participation." Unlike other conflict of interest waivers that the Oversight Committee has approved previously, CPRIT does not grant this waiver for a specific conflict of interest or person. Instead, CPRIT intends to invoke this waiver as necessary to address the unusual scenario when a review council member has a conflict with a grant application that is part of the larger group of proposals that the review panel or review council must act upon (usually to recommend for awards). The waiver is necessary for a review council member to participate in the overall discussion and vote on the slate of award recommendations. This waiver is the same waiver the Oversight Committee approved for FY 2024.

Although it would be ideal to consider each instance individually before granting the conflict of interest waiver, a prospective waiver is necessary in this scenario given the timing of the review process and scheduled Oversight Committee meetings. It is unlikely that review panel schedules will align with Oversight Committee meeting dates such that CPRIT will be able to secure a conflict of interest waiver in time for the review council member to participate in the review process. However, adequate protections are in place that, together with the waiver's proposed limitations, mitigate the opportunity for factors other than merit and established criteria to influence review council members' decisions regarding the award of grant funds.

Background

Health & Safety Code § 102.1062 directs the Oversight Committee to adopt administrative rules governing the waiver of the conflict of interest requirements of the statute in exceptional circumstances. CPRIT's administrative rule § 702.17(3) authorizes the Oversight Committee to approve a waiver that applies for all activities affected by the conflict during the fiscal year. The rules require that a majority of the Oversight Committee members must vote to approve the waiver. CPRIT must report any approved waiver to the lieutenant governor, speaker of the house of representatives, the governor, and the standing committees of each house of the legislature with primary jurisdiction over CPRIT matters.

The issue addressed by this waiver results from the role review council members play in the review process. At the review panel level, the review council member chairs the review panel meeting. Occasionally, a review council member will identify a conflict of interest with an application assigned to the member's panel. If CPRIT is unable to reassign the application to a different panel, then the review council member follows the process set forth in CPRIT's conflict of interest rules and recuses himself or herself from any discussion, scoring, deliberation, or vote on the application. The proposed waiver will not change the review council member's responsibility to disclose the conflict or to recuse himself or herself from the review of the application.

The difficulty arises when the review council member must lead the discussion, in his or her role as chair of the review panel, about the group of applications the panel recommends moving forward to the review council. If the application with which the review council member is in conflict advances as part of the group that scored well enough to move forward, the review council member's participation in the discussion of the group violates the member's agreement to not participate in "any discussion" of the conflicted application.

A similar challenge arises at the review council level. If the application that the member is in conflict is part of the group considered by the review council, the conflict of interest rules prohibit the member from participating in the review council's discussion or vote on the group of awards. The review council member is unable to address questions about other applications heard by his or her panel due to his or her recusal from the process, potentially disadvantaging the other applications.

Exceptional Circumstances Requiring the Review Council Member's Participation

To approve a conflict of interest waiver, the Oversight Committee must find that there are exceptional circumstances justifying the conflicted individual's participation in the review process. In this case, exceptional circumstances exist due to the necessity of the review council member's participation in the process to develop the overall award recommendation slates and the Oversight Committee should grant the proposed waiver. The limitations mitigate the potential for bias.

CPRIT's administrative rules require the Chief Compliance Officer to attend or designate an independent third party to attend peer review meetings and review council meetings when the panel discusses grant applications. The third-party observer must document that the reviewers follow CPRIT's grant review process consistently, including observing CPRIT's conflict of interest rules. The third-party observer will document any violation of this waiver in his or her written report, which CPRIT provides to the Oversight Committee prior to the vote on the award recommendations.

Proposed Waiver and Limitations

In granting the conflict of interest waiver, I recommend that CPRIT permit the review council member to continue to perform the following activities and duties associated with CPRIT's review process subject to the stated limitations:

1. The review council member must disclose any conflict in writing pursuant to CPRIT's electronic grant management process.
2. The review council member must recuse himself or herself from participation in the review, discussion, scoring, deliberation, and vote on the specific grant(s) identified as the conflict.
3. When the review panel or review council takes up the grant applications as a group, the review council member may participate in the discussion and vote on the proposed awards, so long as the review council member does not advocate for or against the application that the member has identified as a conflict.
4. Whenever CPRIT invokes this waiver, the Chief Compliance Officer will provide information about the use of the waiver, including the name of the review council member and the identified conflict, in the Chief Compliance Officer's Certification report. I will also include this information in the CEO affidavit I submit for the grant award mechanism.

Due to the nature of the conflict or the type of review process, this conflict of interest waiver will not apply to following:

- When the review council member's conflict of interest is a conflict described by T.A.C. § 702.13(c); or
- When the review council is acting as the only review panel in the review process (e.g., CPRIT recruitment awards and prevention dissemination awards.)

Important Information Regarding this Waiver and the Waiver Process

- The Oversight Committee may amend, revoke, or revise this waiver, including the list of approved activities and duties and the limitations on duties and activities. Approval for any change to the waiver granted shall be by a vote of the Oversight Committee in an open meeting.
- CPRIT limits this waiver to review council members operating under the circumstances specified in this request.
